

Preferred Customers

Our 'Preferred Customers' are the reason for our success!

Is it the Parts Price Discount? Is it No Shipping Charges? Tasty Beverage in our 'PC' Lounge? Free use of the Lift in our Service Shop?

Whatever the reason, we are grateful for all the support!!

'Like' Us on FaceBook!

As 'Social Media' becomes more important to a small business, it is beneficial to Corvette Arizona, when our customers (or anyone who visits our WebSite or FaceBook page), to 'Like' us.

We have a 'Like' button on the homepage of our website, and if you visit our FaceBook page, please hit the 'Like' button. It will improve our standing and placement.

Newsletter Issues

After several months without a monthly Newsletter, We seem to have everything 'Back on Track'.

The issues we had have been resolved, and we are going to publish a Newsletter each

Sales in Review

We are still seeing monthly sales increases, in spite of the 'Shipping Issues' with UPS.

We are on track for a double Digit increase for 2015.

month, in the first week/10 days, to wrap-up the previous month and to keep everyone up to date with Corvette Arizona and the Corvette Community.

We had 2 major issues. First, the switch to a new email program, which didn't allow the simple Copy/Paste from other sources and required hours of reformatting to remove html.

Second the fact that our previous provider (No Daddy) blocked several email providers like Cox, AOL, Gmail and Yahoo, due to our business designation. Moving all of our products away from No Daddy solved all of these issues.

Corvettes & Caffeine

With the mornings heating up and the earlier sunrise(s), the start time for our summer Corvettes and Caffeine will be 6:30am.

Please, RSVP for our Corvettes and Caffeine events if possible. The RSVP allows us to plan for coffee/bagels/donuts so there is enough for everyone.

Go to the Corvettes and Caffeine website, either through the link on our Corvette Arizona website 'Home Page', or the website direct:

UPS Shipping Issues

We could go on and on about all the issues with UPS. Door panels Shipped on March 31st, received on May 12, (yup, do the math, 43 days). Radiators with holes poked in them, carpet sets with chemicals poured on them. This is something UPS calls mischief. Every day we have issues and there doesn't seem to be a (quick) relief in sight .

The problem isn't with UPS, it is the Teamsters Union who have been causing the problems with the Louisville UPS 'Hub' and the Port of Long Beach.

Apparently, they find, due to NoBama Care, they have to pay Out of Pocket for medical coverage, (which they want Grandfathered into their contract). Unable to strike, due to their contract, they are doing a 'Work to Rule, Slowdown and 'Mischief'.

The problem, has not just been getting deliveries, but now, the backlog has slowed (or stopped) material getting to the vendors for production. Items like Seat Covers, Front End Masks and Car Covers are backordered until the backlog of containers is dealt with.

We want to thank all of our 'Preferred Customers' for their patience.

C7 Corvette Parts

We have had over 100 C7's come by the store, looking for a lot of accessory parts, that 'so far' are not available. Lots of 'stuff' listed in catalogs and on the Internet, many vendors will even take your order, then Back-Order the

items due to no availability.

The issue is, GM is not releasing the C7 Logo/Font/Stingray Name, etc. to manufacturers. Partially due to the overkill with all the C5/C6 vendors making all kinds of 'stuff', but due, primarily, to the fact GM is planning to sell most of the items themselves, rather than let a multitude of vendors and manufacturers make so many items.

It looks like GM's plan is to sell accessories through 'The Chevy Mall', the Chevrolet Dealerships Parts Departments, or ordered with the Corvette when the car is built. No telling how long this will continue.

Lloyd's Mats has been issued a license for the C7 Floor Mats/Cargo Mats, which is great due to the poor quality of the factory supplied mats. The first sets we have received are 'Excellent' and other than that there is a huge backlog of orders and lead time is 3-5 weeks, the quality is worth the wait.

We do stock License Plate Frames, Sill Protectors, Bumper Bibs and Hats, and we will add inventory as it becomes available.

Keep in mind you 'Preferred Customer' price(s) is less than 'Dealership' price.

We will keep you posted.

C5/C6 Parts

Lots of C5/C6 parts, especially those with Logos or Corvette Lettering are starting to get hard to find.

This 'usually' happens when a model year or generation ends, coupled with the huge expense to license these products. As demand drops, vendors and manufacturers are reluctant to renew licensing for limited sales.

Also, for many repair parts, GM is the sole

Extended Warranties

Our 'Extended Warranty' program has been very well received.

Excellent Coverage, as well as very competitive rates, have helped with sales.

Extended Warranties are available for just about any year Corvette. While the

supplier and, while some (maintenance) parts are available almost anywhere, some (repair) parts are getting harder to find or have been discontinued.

C4 Parts/Market

The main reason for the significant drop in C4 'resale' values is the increasing difficulty in finding 'repair' parts.

There are lots of parts still available, Interior, Carpet, Door Panels, some trim pieces are fairly easy to find from several vendors. Brake parts like Rotors, Pads, Calipers are readily available, while Hydraulic Parts like Master Cylinders, Slave Cylinders (Manual Trans), are almost impossible to find (depending on Year). Electrical Parts, ECM's, Switches and Sensors are, at times only available if you have the time to search the Internet or eBay.

We do our best to source 'all' Corvette Parts from almost all sources available, but the rule seems to be that since GM 'Restructured', most of the suppliers of C4 repair parts are no longer supplying parts and, while there seems to be a lot of parts listed in Catalogs and on the Internet, the supply is quickly drying up.

Considering that GM built 358,180 C4's, it is unfortunate the parts supply (or lack of it) has cause such a huge drop in C4 value(s).

C1/C2/C3 Parts

We have always said "If you find a 9/16" bolt in your tool box, we can build a '62 Corvette around it!"

This is still true with 'almost' any C1/C2/C3 Corvette. While there are some exceptions, most repair and restoration parts are available and we source from the top

older cars can get 'Power Train' only, the newer ones have 'Ultimate Plus' Coverage available, which covers virtually all major components. These warranties are also available for almost all vehicle makes and models.

Service Shop

Keep in mind, Corvette Arizona has a vehicle lift and compressor available in our service shop.

While we do not do service or repair, our shop is available to our Preferred Customers to use at 'No Charge' for minor repairs, installations and inspections.

We are 'NOT' able to do oil/fluid changes, due to the permits/license required to dispose of waste oil/antifreeze.

The Howard Katz 'Not Memorial' Library

We are trying to build a 'complete' set of GM Shop/Service Manuals and Assembly Manuals for the HK'NM'L.

We have had several Service/Shop Manuals donated to the store, but we need lots more.

If you have any old Shop/Service Manuals, you no longer have use for, let us know.

Extended Warranty

We now offer Extended Warranties for Z06's, vehicles back as far as 20 years old (Depending on Mileage) and RV's!!!!

As Corvette Arizona is starting to sell more Extended Warranties. A couple of things have stood out as the reason for our success with this great product.

First, the price, up to 50% less than comparable plans available through other sellers or dealers.

Second, the coverage does not require you to take your vehicle to a 'Dealership', you can take any vehicle covered by the warranty to any 'Certified' repair facility. All they have to do is call the toll free # for authorization for repair.

Third, the Extended Warranty is available to all vehicles, not only Corvettes, we have sold several for other vehicles.

With a number of plans available, from basic 'Powertrain', up the the comprehensive 'Ultimate Plus' Coverage, there is a plan for

eCommerce Store

Excellent start for our ecommerce Store. Only a few months online and we have seen many Out of State sales and lots of local Arizona customers.

Our 'NOS' parts seem to be the popular items with most 'OoS' buyers, while many of the local Arizona Customers will look online, then come into the store to purchase (or pick-up) their products.

We are continually adding new products to our eCommerce store.

Thanks for your support!

Bad's Bits

The Future.....

On to the 'National' stage.....

So, How are we prepared, and Where are we heading?

We are a 'Stocking' dealer for the top 7 Corvette vendors. We have a proven location, right on Scottsdale Road, with an excellent inventory and over 45 years of Corvette and Customer Service experience.

Monthly Quote

Your time is limited, so don't waste it living someone else's life.

Don't be trapped by dogma - which is living with the results of other people's thinking.

Don't let the noise of others 'opinions' drown out your own inner voice.

And most important, have the courage to follow your heart and intuition.

Steve Jobs

We have a WebSite that rivals just about any in the Corvette business, and, an eCommerce Store that enables anyone, just about anywhere in the world, to Buy On-line (from us)!

The Next Step? National exposure! Advertising, and an expanded Drop Ship Program from our primary vendors.

We are all set to change from the local Corvette Shop on Scottsdale Road, to a National presence.

It involves advertising in the mainstream Corvette Magazines; Vette Magazine, Corvette Magazine, Driveline, Blue Bars, etc., as well as local and national advertising in other print media.

Also, further development of our already successful Commercial Program with local service shops and GM Dealerships is in the plan as well.

Stay tuned.....

Until next time.
